60/17 sired by Vova

Vova is an eye catching Eastern stag with outstanding antler and solid body weights.

He was bred by Wilkins Farming Co and retained from our 2013 crop. As shown above his pedigree originates from our stalwart sires Vladimir and Heinrich.

As a 2 year old Vova grew an impressive well balanced multi-point antler, and had a significant live weight of 247 kg. Vova is performing well as a sire including son's like 60/17, the top priced Eastern stag at our North Island sale in 2019.
